

Love-the Essence of the Gospel

"...love is the very essence of the gospel, and Jesus Christ is our Exemplar. His life was a legacy of love. The sick He healed; the downtrodden He lifted; the sinner He saved. At the end the angry mob took His life. And yet there rings from Golgotha's hill the words: 'Father, forgive them; for they know not what they do'-a crowning expression in mortality of compassion and love."

-President Thomas S. Monson
